

Model:YS-SX400 & YS-X400

INDUCTION WOK COOKER

Product Features:

- It is integrally formed with a thickened 1.5mm 304 stainless steel panel, which is easy to clean, and its design and structural features meet NSF hygiene standards.
- Using the most advanced induction heating technology, the pot can be heated directly, quickly and evenly.
- We Use the most stable "infineon" IGBT heating module imported from Germany has a longer service life.
- The control system chip adopts Siemens industrial-grade 32-bit CPU full digital control technology imported from Germany. The movement adopts modular design, which is convenient for maintenance.
- Isolated induction heating, safe and reliable, saving more than 60% than gas.
- Waterproof 360°rotating 8-speed magnetic sensor switch, which can keep warm with low power, or quickly serve meals with high power.
- Power 12KW, fast to cooking soup and other materials.

REMARK:

- We must use magnetic pan or pot to cooking.
- The power switch can change power level from 0 to 8.
- Power adjust from 0-12000W for separate heating
- The ceramic glass is fragile.

WARRANTY:

- Warranty time 1 year with spares
- Offer technical support and do not offer directly repair service.
- Spares shipping cost not free offer.

CONFORMS TO UL STD.197.
Certified to CSA Standard C22.2 No. 109-
CONFORMS TO NSF/ANSI STD.4

SPECIFICATION:

NAME	INDUCTION WOK COOKER	
MODEL	YS-SX400	YS-X400
HEATING METHOD	ELECTRIC HEATING	
POWER	12KW*2(DOUBLE WOK BURNERS)	12KW (SINGLE WOK BURNER)
VOLTAGE	208V 3PHASE	
FREQUENCY	50-60HZ	
DOUBLE WOK SIZE	61.02" × 35.43"	39.37" × 35.43"
BURNERS	GLASS SIZE DIA.400MM	
MATERIAL	SUS304	
N.W.	120KG	80KG

REMARK:

- CAD design file can be send if request, for detail please contact us by email.
- Customization design can be done as customer request.
