

LUXURY BAKING OVEN

- UNIQUE DESIGN**
 Equipped with independent steam generator, it can provide enough steam strongly. High heating reflectivity marble is optional choice. It is widely use for baking different type of bread, specially for the European style hard bread.
- IMPORTED HEATING ELEMENT**
 Heating element is imported from Germany, high quality and high efficient. The temperature inside the chamber is much more evenly, the temperature difference of the is only 3°C, backing products' color is evenly.
- EXHAUST AND HEAT DISSIPATION**
 Reasonable design of the exhaust and heat dissipation holes can effectively prevent the high pressure inside the chamber, and improve the service life of.

 DIMENSION(mm)	1300*1140*640	1300*1140*1000	1300*1140*1360	1300*1260*1720	1690*1260*1720

YG BAKING OVEN

- STAINLESS STEEL STRUCTURE**
 High quality stainless steel covers all body. Top-grade stainless steel is hard to transferring heat or deformation heat under high temperature.
- EXCELLENT HEATING EFFICIENCY**
 Gas type equipped with stainless steel gas burner
- INDEPENDENT CONTROL**
 Each layer work separately, top and bottom temperature can be controlled separately or work independently.
- BUILT-IN LIGHT**
 Stainless Steel door with built-in light
- ANTI-HOT HANDLE**
 Anti-hot handle can insulation against hot. avoid burns bakers' hand.
- DIGITAL CONTROL WITH TIMER**
 Instrument shows exact temperature, helping control temperature precisely. The temperature of electric oven range 0-400°C with micro-computer display.
- OEM & ODM DESIGN WITH YOUR REQUEST**
 Customization machine dimension.
